

ABOUT THE LOGO

At the heart of the logo is a person reaching for the stars, depicted in a victorious pose. This represents the Filipino lifelong learner, aiming to be the best version of himself.

The three stars also represent the Philippines' three main island groups.

The four-pillared structure symbolizes the strength, permanence, and authority of government institutions that champion the learners' dream and guide it towards fruition.

The laurel leaves emblazoned on the top facade symbolize the excellence and achievement of these institutions that the Gawad recognizes and celebrates with pride.

The circle on which the Gawad title is written signifies the wholeness and complementarity of efforts by all duty-bearers. It also captures the holistic perspective on learning and development that the Gawad zealously champions.

Finally, the logo is rendered in the illustrious colors of the Philippine flag: blue, red, white and yellow, embodying the spirit of nationalism and the Filipino people.
